THE CASE

Mistral AI, freshly capitalised, is building a global enterprise brand and a 'European AI sovereignty' narrative. Formula E - European-rooted and sustainability-led - is a natural stage; no frontier-AI lab currently holds an FE team partnership.

WHY NOW

Post-raise brand budget plus an enterprise land-grab make a multi-year platform attractive now.

WHY NISSAN FORMULA E

Nissan (EV pioneer, strong FE pedigree) aligns Mistral's AI story with electric performance; a French team option (post-DS) can be revisited as the grid settles.
